On August 8, 2023, the Company received written notice from the Nasdaq informing the Company that it has regained compliance with the MVLS Rule for continued listing on the NASDAQ Capital Market.

As previously disclosed, the Company received written notice from the Nasdaq indicating that the Company had failed to maintain compliance with the MVLS Rule, because it had failed to maintain a market value of the Company’s listed securities equal to or greater than \$35 million for ten consecutive trading days. To regain compliance, the Company was required to maintain a market value of the Company’s listed securities of at least \$35 million for ten consecutive trading days.
