SELLING STOCKHOLDER

On September 21, 2016, we entered into a Stock Purchase Agreement with the selling stockholder, pursuant to which we sold in a private placement transaction an aggregate of 6,055,341 shares of our common stock. This prospectus covers the resale or other disposition by the selling stockholder or its transferees of up to the total number of shares of common stock issued to the selling stockholder pursuant to the Stock Purchase Agreement. Throughout this prospectus, when we refer to the selling stockholder in this prospectus, we are referring to the purchaser under the Stock Purchase Agreement.

We are registering the above-referenced shares to permit the selling stockholder and its pledgees, donees, transferees or other successors-in-interest that receive their shares after the date of this prospectus to resell or otherwise dispose of the shares in the manner contemplated under “Plan of Distribution” below.

Except as otherwise disclosed below, the selling stockholder does not have, and within the past three years has not had, any position, office or other material relationship with us.

The following table sets forth the name of the selling stockholder, the number of shares owned by the selling stockholder, the number of shares that may be offered under this prospectus and the number of shares of our common stock owned by the selling stockholder assuming all of the shares covered hereby are sold. The number of shares in the column “Number of Shares Being Offered” represents all of the shares that the selling stockholder may offer under this prospectus. The selling stockholder may sell some, all or none of its shares. We do not know how long the selling stockholder will hold the shares before selling them, and, except as described in this prospectus, we currently have no agreements, arrangements or understandings with the selling stockholder regarding the sale or other disposition of any of the shares. The shares covered hereby may be offered from time to time by the selling stockholder.

The information set forth below is based upon information obtained from the selling stockholder and upon information in our possession regarding the issuance of shares of common stock to the selling stockholder in connection with the private placement transaction. The percentages of shares owned after the offering are based on 30,576,110 shares of our common stock outstanding as of March 3, 2017, including the shares of common stock covered hereby.

- (1) “Beneficial ownership” is a term broadly defined by the SEC in Rule 13d-3 under the Exchange Act, and includes more than the typical form of stock ownership, that is, stock held in the person’s name. The term also includes what is referred to as “indirect ownership,” meaning ownership of shares as to which a person has or shares investment power. For purposes of this table, a person or group of persons is deemed to have “beneficial ownership” of any shares that are currently exercisable or exercisable within 60 days of March 3, 2017.
- (2) Assumes that all shares being registered in this prospectus are resold to third parties and that the selling stockholder sells all shares of common stock registered under this prospectus held by such selling stockholder.
- (3) Consists of 6,055,341 shares of common stock directly owned by Canon U.S.A., Inc., a New York corporation, or Canon USA. Relationship with the Selling Stockholder

Private Placement

In addition to the Stock Purchase Agreement referenced above, on September 21, 2016, we entered into a Voting and Standstill Agreement and a Registration Rights Agreement with Canon USA, the selling stockholder.

Voting and Standstill Agreement

The Voting and Standstill Agreement provides that, subject to certain exceptions, until September 21, 2018, or the Standstill Period, Canon USA and certain affiliates, collectively referred to as the Standstill Parties, will be prohibited from taking certain actions to influence or control us (including acquiring additional of our securities in excess of 19.9% of the outstanding shares of our common stock, or Common Stock).

During the Standstill Period, subject to the terms and conditions of the Voting and Standstill Agreement, we agreed to use commercially reasonable efforts to provide the Standstill Parties the opportunity to participate in private placements or registered public offerings of our equity securities up to the lesser of (i) the Standstill Parties’ pro rata portion of the securities being offered and (ii) 19.9% of the outstanding shares of Common Stock after the closing of such offering.

Until March 21, 2018, or the Lock-Up Period, Canon USA has agreed not to transfer or dispose of any shares of Common Stock, subject to certain exceptions. Following the expiration of the Lock-Up Period, for so long as the Standstill Parties beneficially own at least five million shares of Common Stock or such lesser number which then constitutes at least 10% of the outstanding shares of Common Stock, or the Ownership Threshold, Canon USA has agreed not to transfer or dispose of any shares of Common Stock, except (i) to us; (ii) to a controlled affiliate or to a parent holding company that become bound by the Voting and Standstill Agreement; (iii) in a tender offer, merger, consolidation, recapitalization or similar transaction approved by a majority of the Board or other change of control transaction approved by the Board; (iv) pursuant to a registered public offering in accordance with the Registration Rights Agreement; (v) pursuant to Rule 144 under the Securities Act; or (vi) pursuant to privately negotiated sales in transactions exempt from the registration requirements of the Securities Act; provided, that Canon USA and its controlled affiliates cannot sell Common Stock to a person or entity Canon USA or such controlled affiliate knows is one of our competitors (other than to its controlled affiliates or to a parent holding company that become bound by the Voting and Standstill Agreement).

For so long as the Standstill Parties meet the Ownership Threshold, Canon USA has agreed generally to vote its shares in accordance with the recommendation of a majority of the Board except with respect to change of control transactions.

Additionally, for so long as the Standstill Parties meet the Ownership Threshold, we have agreed to give Canon USA certain Board designation rights. Effective September 21, 2016, the Board elected Seymour Liebman, Executive Vice President, Chief Administrative Officer and General Counsel of Canon USA, as a Class I director on the Board, to fill a vacancy on the Board. In addition to his role as an executive officer of Canon USA, Mr. Liebman is also an officer and/or director of other entities affiliated with Canon USA, including Canon Parent and Canon U.S. Life Sciences, Inc., or Canon US Life Sciences. We have agreed to nominate Mr. Liebman or another Canon USA designee for election and reelection to the Board, provided in each case that such Canon USA designee is reasonably acceptable to the nominating and governance committee of the Board. We have the right to terminate this Board nomination provision upon the uncured material breach by Canon USA or its affiliates of the standstill provisions of the Voting and Standstill Agreement.

The rights and restrictions applicable to Canon USA under the Voting and Standstill Agreement are subject to termination upon the mutual written agreement of the Company and Canon USA or the occurrence of a change of control.

Registration Rights Agreement

Pursuant to the Registration Rights Agreement with Canon USA, we agreed to prepare and file with the SEC a registration statement that permits the resale of Canon USA’s shares and, subject to certain exceptions, use commercially reasonable efforts to keep such a registration statement effective under the Securities Act until the date when all securities under such registration statement have either (i) been sold pursuant to such registration statement; (ii) been sold in accordance with Rule 144 under the Securities Act; (iii) become eligible for resale

[Table of Contents](#)

without volume or manner-of-sale restrictions and without current public information pursuant to Rule 144; (iv) been sold, transferred or disposed of in a transaction in which the holder’s rights under the Registration Rights Agreement were not properly assigned; or (v) ceased to be outstanding.

We have also agreed, among other things, to indemnify Canon USA, its controlling persons and their officers, directors, partners, members, stockholders, employees and agents under the registration statement from certain liabilities and to pay all fees and expenses (excluding any legal fees of the selling holder(s), and any underwriting discounts and selling commissions) incident to our obligations under the Registration Rights Agreement.

Co-Development Partnership Agreement

On February 3, 2015, we entered into a Co-Development Partnership Agreement, or the Co-Development Agreement with an affiliate of Canon USA, Canon US Life Sciences, to develop a diagnostic test panel to rapidly detect Lyme disease. Under the terms of the Co-Development Agreement, we received an upfront payment of \$2.0 million from Canon US Life Sciences with potential eligibility to receive an additional \$6.5 million upon achieving certain development and regulatory milestones. In October 2015, we received \$1.5 million in connection with the achievement of one such milestone. We are eligible to receive an additional \$5.0 million under the arrangement, in two milestone payments of \$2.0 million and \$3.0 million, if we achieve additional development and regulatory milestones. We retain exclusive worldwide commercialization rights of any products developed under the Co-Development Agreement, including sales, marketing and distribution. Canon US Life Sciences will be entitled to receive royalty payments on the sales of all products developed under the Co-Development Agreement.

PLAN OF DISTRIBUTION

The selling stockholder and any of its pledgees, donees, transferees, assignees or other successors-in-interest may, from time to time, sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices. The selling stockholder may use one or more of the following methods when disposing of the shares or interests therein:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- through brokers, dealers or underwriters that may act solely as agents;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- through the writing or settlement of options or other hedging transactions entered into after the effective date of the registration statement of which this prospectus is a part, whether through an options exchange or otherwise;
- broker-dealers may agree with the selling stockholder to sell a specified number of such shares at a stipulated price per share;
- one or more underwritten offerings on a firm commitment or best efforts basis;
- a combination of any such methods of disposition; and
- any other method permitted pursuant to applicable law.

The selling stockholder may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the selling stockholder may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholder (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling stockholder does not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

The selling stockholder may from time to time pledge or grant a security interest in some or all of the shares of common stock owned by it and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell shares of common stock from time to time under this prospectus, or under a supplement or amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus.

Upon being notified in writing by the selling stockholder that any material arrangement has been entered into with a broker-dealer for the sale of common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, we will file a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, disclosing (i) the name of such selling stockholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such shares of common stock were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where

[Table of Contents](#)

applicable, (v) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, and (vi) other facts material to the transaction. In addition, upon being notified in writing by the selling stockholder that a donee or pledge intends to sell more than 500 shares of common stock, we will file a supplement to this prospectus if then required in accordance with applicable securities law.

The selling stockholder also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of the shares of common stock or interests in shares of common stock, the selling stockholder may enter into hedging transactions after the effective date of the registration statement of which this prospectus is a part with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholder may also sell shares of common stock short after the effective date of the registration statement of which this prospectus is a part and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholder may also enter into option or other transactions after the effective date of the registration statement of which this prospectus is a part with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholder and any broker-dealers or agents that are involved in selling the shares may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

We have advised the selling stockholder that it is required to comply with Regulation M promulgated under the Exchange Act during such time as it may be engaged in a distribution of the shares. The foregoing may affect the marketability of the common stock.

The aggregate proceeds to the selling stockholder from the sale of the common stock offered by it will be the purchase price of the common stock less discounts or commissions, if any. The selling stockholder reserves the right to accept and, together with its agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

We are required to pay all fees and expenses incident to the registration of the shares. We have agreed to indemnify the selling stockholder against certain losses, claims, damages and liabilities, including liabilities under the Securities Act or otherwise.

We have agreed with the selling stockholder, subject to certain exceptions, to keep the registration statement of which this prospectus constitutes a part effective until the earlier of (i) such time as all of the shares covered by this prospectus have been disposed of pursuant to the registration statement, and (ii) the date on which the shares of common stock covered by this prospectus may be sold by non-affiliates without any volume or manner of sale restrictions or current public information pursuant to Rule 144 of the Securities Act.

PART II INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The following is an estimate of the expenses (all of which are to be paid by the registrant) that we may incur in connection with the securities being registered hereby, other than the Securities and Exchange Commission registration fee.

SEC registration fee	\$	3,980
Legal fees and expenses		75,000
Accounting fees and expenses		8,000
Printing and miscellaneous expenses		10,000
Total	\$	<u>96,980</u>

Item 15. Indemnification of Directors and Officers.

As permitted by Section 102 of the Delaware General Corporation Law, we have adopted provisions in our amended and restated certificate of incorporation and bylaws that limit or eliminate the personal liability of our directors for a breach of their fiduciary duties of care as directors. The duty of care generally requires that, when acting on behalf of the corporation, directors exercise an informed business judgment based on all material information reasonably available to them. Consequently, a director will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for:

- any breach of the director’s duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- any act related to unlawful stock repurchases, redemptions or other distributions or payment of dividends; or
- any transaction from which the director derived an improper personal benefit.

These limitations of liability do not affect the availability of equitable remedies such as injunctive relief or rescission.

As permitted by Section 145 of the Delaware General Corporation Law, our amended and restated bylaws provide that:

- we may indemnify our directors, officers and employees, to the fullest extent permitted by the Delaware General Corporation Law, subject to limited exceptions;
- we may advance expenses to our directors, officers and employees, in connection with a legal proceeding to the fullest extent permitted by the Delaware General Corporation Law, subject to limited exceptions; and

the rights provided in our amended and restated bylaws are not exclusive.

Our amended and restated certificate of incorporation and our amended and restated bylaws provide for the indemnification provisions described above and elsewhere herein. We have entered into indemnification agreements with each of our directors and officers. These indemnification agreements may require us, among other things, to indemnify our directors and officers for some expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by a director or officer in any action or proceeding arising out of his or her service as one of our directors or officers, or any other company or enterprise to which the person provides services at our request. We maintain a general liability insurance policy that covers certain liabilities of directors and officers of our corporation arising out of claims based on acts or omissions in their capacities as directors or officers.

II-1

These indemnification provisions and the indemnification agreements may be sufficiently broad to permit indemnification of our officers and directors for liabilities, including reimbursement of expenses incurred, arising under the Securities Act of 1933, as amended, or the Securities Act.

Item 16. Exhibits.

(a) *Exhibits*

A list of exhibits filed with this registration statement on Form S-3 is set forth on the Exhibit Index and is incorporated herein by reference.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended, that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

II-2

[Table of Contents](#)

(4) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended, (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934, as amended) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(h) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification

against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
